DEMPSEY-CARPENTIER CHAMPIONSHIP BOUT GREATEST IN HISTORY

Spectators will be Present from
All Over World--Seat Sale Totals
Nearly Million and One Half
Dollars--Outcome of Contest Sole
Topic of Conversation.

(By The Associated Press)
NEW YORK, July 1.—Pugilistic history will be made in a huge arena in Jersey City tomorrow afternoon when Jack Dempsey defends his heavyweight championship against the fist challenge of Georges Carpentier. It will be an international glove contest in the broadest application of the term. Every section of the globe will await with keen interest the outcome of the battle between the American holder of a long record of ring victories and the Frenchman noted equally for his prowess in the squared circle and on the sterner battlefield of the world war.

The last legal obstacle to the match was removed today when the Hudson county grand jury refused to return an indictment charging the principals and promoters with conspiracy to hold a prize fight in violation of the New Jersey law. The setting for the bout will be in keeping with the magnitude of the affair.

Seats have been provided for more than 91,000 spectators and a major portion have been sold. A price of \$500,000 has been given by Promoter Tex Rickard. Of this huge sum an amount far in excess of any financial compensation ever offered pugilists in the past, Dempsey will receive three hundred thousand and Carpentier two hundred thousand.

Nearly Million and Half Sale. Advance ticket sale at an early hour tonight amounted to nearly one and a half million dollars. Regardless of the enormous expense attendant upon the venture, Rickard is certain to clear a net profit several times larger than any that has resulted from his previous efforts in this direction.

Rickard, Dempsey and Carpentier will not be the only persons to profit by the "battle of the century" as the contest has been aptly named. Urie Sam, as representative of the internal revenue collectors will receive a large share of the proceeds. The promoter, principals and scores of others connected with the bout in minor capacities will contribute under the income tax laws a total sum estimated as close to five hundred thousand dollars.

Every part of the globe will be represented in the vast assemblage of spectators. In the past 48 hours virtually every incoming train has brought its quota of fight fans from all sections of the United States, Canada and Mexico. Trans-Atlantic and coastwise steamship have added hundreds more.

The outcome of the battle appears to be the one and only subject of discussion and controversy among millions of persons who ordinarily take only the slightest interest in matters pugilistic.

Carpentier is as much a "man of mystery" on the eve of the battle as he was the day he landed preparatory to training for the championship clash. Very little is known of the real ring ability of the French challenger. His few public training exhibitions in his camp at Manhasset, Long Island, have shown that which was not generally known before. Lightening fast foot, possessing a powerful right hand punch which he can shoot from various angles and a well muscled body except around the mid-section, he appears to be at best a middleweight with the legs of a heavyweight.

No question arises regarding Carpentier's courage or gameness. This he has demonstrated both in the ring and on the battlefield. In the latter he has shown himself a box a stand-off contest taking full advantage of his speedy footwork and clever boxing. Dempsey will find a far different opponent to face than was the case when he faced Willard, Fulton and Hannan.

The champion also has his points. Dempsey is a terrific fighter with either hand and from any angle. He does not need to back his arm to shoot a punch. Instead he starts his punches from almost any point of attack and altho the (Continued on Page Six)

TO RECEIVE BIDS FOR MORGAN COUNTY ROADS

State Department Asks for Figures Extending from Morton Avenue Hard Road Into Sangamon County.

County Commissioners Wheeler, Mawson and Osborne, together with L. V. Baldwin, superintendent of highways, were in Springfield yesterday to consult state officials with reference to highway work in Morgan county. They returned with the definite information that bids are to be received by the department of public works July 12 for the construction of 12.54 miles of hard roads extending east from the eastern limits of the hard road on Morton avenue. This would extend to a point east of Brown's Crossing in Sangamon county.

At that time bids are to be received for 27 different sections of road and figures are being asked for four different types of roads, Portland cement under concrete; monolithic brick, bituminous concrete with binder course and bituminous concrete without binder course.

All of these proposed roadways are 18 feet in width. If it is presumed that if bids submitted are less than \$30,000 per mile that the contracts will be awarded, and judging from recent state lettings bids within the limit mentioned will be received.

However, if satisfactory bids are not made for the Morgan county work, it is the hope of the Morgan county board to secure from the state sufficient funds for the purchase of road building machinery and in that event the county will do the work itself. It is possible under recently enacted law for the state to furnish the funds in this way and do other things as well in helping counties to push along the road work that they so earnestly desire.

LONDON TIMES ON ANGLO-JAP TREATY

(By The Associated Press)

RESOLUTION FOR ENDING WAR WAS PASSED BY SENATE

Will be Sent by Special Messenger for the President to Sign

(By The Associated Press)
WASHINGTON, July 1.—Enactment of the compromise resolution ending the state of war with Germany and Austria finally was completed today by congress and the measure will be sent by special messenger to President Harding at Raritan, N. J., tomorrow who is expected to sign it immediately. At the White House where the resolution was received early tonight, it was said the messenger would leave here at 9 o'clock tomorrow arriving about 2 o'clock at Raritan where President Harding is the guest of Senator Frelinghuysen over the holidays.

Final action on the measure was taken by the senate, which adopted the conference report by a vote of 38 to 19 after a day of debate.

The signing of the measure by the president will open the way for the resumption of diplomatic relations with both Germany and Austria, but administration officials have indicated that plans for this have not been worked out.

All Opponents Democrats. All opponents of the resolution were Democrats. Senator Reed, Democrat, Missouri, was paired in its favor.

The resolution was signed by Representative Towner, Republican, Iowa, speaker pro tem in the house in the absence of Speaker Gillett, who had gone to New Jersey with President Harding. It was then signed by Vice-President Coolidge during an executive session of the senate.

Final debate today was principally by Democratic opponents who declared the Republican plan was futile and would necessitate a separate treaty of peace later ratification of the treaty of Versailles.

In response to a query from Senator Harrison, Democrat, Mississippi Senator Lodge, Republican leader said he knew of no plans by the administration to resubmit the treaty of Versailles to the senate.

ARE GUILTY OF MISDEMEANOR IS VERDICT OF JURY

Howat and Dorchy
Found Guilty by
Jury Friday

(By The Associated Press)
COLUMBUS, Kans., July 1.—Alexander Howat, president and August Dorchy, vice-president of the Kansas Miners' Union, were found guilty today of a misdemeanor in ordering a strike last February at the H Mine of the Mackie Fuel company near Cherokee, by a jury which returned a verdict after ten hours and fifteen minutes of deliberation.

July 8 was set by Judge Frank W. Boss for announcing the sentence. Howat and Dorchy immediately were released on their original bonds, four thousand dollars each, until the sentence day. The defense shortly after the verdict was read said a motion for a new trial would be filed at once. This motion will be heard July 8 by Judge Boss.

According to provisions of the industrial court law the men may be sentenced to not more than one year in the state penitentiary or a fine of not more than one thousand dollars or both.

Members of the jury stated that about 12 ballots were taken. The jury foreman and other jurors said opinions were expressed during the deliberations indicating that they were in sympathy with the miners and believed that morally a crime had not been committed but that inasmuch as the industrial court act is a law it should be enforced to the letter.

UNION LEADERS AS YET UNDECIDED ON GENERAL WAGE CUT

No Evidence That Any Strike or Labor Disorder Will Occur—Seems to Be Definite Line of Demarcation Developing—Brotherhoods Are Willing to Accept Reduction

(By The Associated Press)
CHICAGO, July 1.—Railway union leaders tonight were undecided on their final attitude toward the general 12 per cent wage reduction which became effective today on virtually every railroad by order of the railroad labor board.

Despite considerable dissatisfaction displayed among many employes, no reports of sporadic strikes or any serious threats of strikes were reported to the union chiefs today.

Approximately 1,500 delegates from the big four brotherhoods, the shop crafts, the maintenance of way men, telegraphers, clerks and switchmen met to canvas the situation. Heads of the big four and the sixteen American Federation of Labor unions had a short meeting today.

While there was no indication of dissension between the organizations over the wage cut, definite line of demarcation developed. The Big Four, according to Harry P. Daugherty, grand chief of the engine men were favorable to accepting cut as a "necessary evil," though the brotherhoods did not indicate their attitude by formal resolution of acceptance.

On the other hand, the crafts and maintenance of way men were said to be opposed accepting the reduction. They have taken referendum vote the lower wage and both are reported to be heavily in favor its rejection.

Separate meetings were held by each of the brotherhoods today and a report of their action will be made at a consolidated meeting of the Big Four tomorrow morning.

MAUVAISTERRE LAKE BRIDGE COMPLETE

East Grounds Now Available for Picnic Purposes—Fine Addition to Grounds Equipment.

Joshua Vaseconcellos and State yesterday completed Bridge across the spillway of Lake Mauvaisterre. This has been constructed in a very substantial way and was made possible by the funds provided jointly by the park board and the special fund of July construction. The bridge crosses the spillway on a line of incident with the dam.

When the dam and spillway were constructed steel I-beams were placed upright in the mouth of the spillway about six feet apart, the base being fastened concrete. They were thus placed to make possible their use later on if it was decided to increase the capacity of the lake by raising the dam and spillway. The use of the I-beams as support for the bridge will in no way interfere with any plan for increasing the reservoir capacity.

Lumber of 6x4 dimensions has been placed upon the I-beams and thoroughly braced. Planks 2x10 in size have been used for flooring, and there is a hand rail on each side about four feet from the ground. The bridge itself is about seven feet wide and those who have seen it agree that it is constructed in a very substantial way and constitutes a valuable permanent addition to Mauvaisterre lake equipment.

The grounds east of the lake are much prettier than those to the west and by the use of the bridge now become permanently available for picnic purposes. It is the intention of the park board to later arrange for a roadway to the east side of the lake, but until that time comes the bridge now constructed will make the approach to the east side easy for pedestrians.

If the Frenchman wins the battle today why not simply the spelling of his name by omitting the "t." That will make it plain "Carpenter" and everybody will know how to pronounce the word.

Every one in a while somebody suggests the government operation of the mines or that the packing industry should be taken over and operated "for the benefit of the people." The best answer for these suggestions is found in the shipping board affairs and railroad operation under government control.

In Paris, Ill., definite steps have been taken which will mean the erection of a new hotel to cost about \$200,000. Now Paris has a population of 7985 about 8000 less than Jacksonville. Doesn't this suggest that a new hotel for Jacksonville is quite feasible and the project one which should be speedily undertaken?

In passing the omnibus bill Gov. Small struck out the \$75,000 provided for the attorney general to use in the enforcement of the new state prohibition law. This means that the enforcement of the law will be up to the federal government and to the local officers of each county.

Come to think of it, it is just as much the duty of the officers of the law in cities and counties to enforce anti-liquor statutes as it is the duty to see to it as far as possible that other laws are obeyed.

MINISTERS ARE ORDAINED

ROODHOUSE MAYOR IN CAMPAIGN AGAINST VICE
White Hall, June 30.—Three cases in connection with the campaign of Mayor G. H. Alexander to clear the city of Roodhouse of gambling and other forms of vice, were heard this week before Justice E. S. Barnard at White Hall on change of venue by the city of Roodhouse. The first case was that of Mr. and Mrs. Alva Barnes, proprietors of the Illinois hotel, charged with conducting a house of ill fame. They were fined \$100.00 and costs, and prayed an appeal. Madge Brown was fined \$15.00 and costs for disorderly conduct, paying the fine. Jack Hoskins was fined \$100 and costs for selling intoxicating liquor. The first trial was by a jury. Mayor Alexander's promise to clean Roodhouse of such blots is thus making good headway.

AN INGENIOUS CONSTRUCTION
In the front window of the hardware store of Brady Brothers is an ingenious construction making one think of the fine Japanese gardens one sees in that strange land. The window space is built up with imitation rocks and from a recess a stream of water flows into a miniature pond below. Sand and pebbles are strewn about and the space about the pond looks like a veritable bank of a brook. The Messrs. Brady are going to try to get some fish to put in the pond. The affair is the evidence of the skill of Charles Godfrey, Albert Yording, Bernard March, Fred Mount and Howard Petteilo. The work attracted much attention.

RESIGNATION OF DR. DEWEY PRESENTED

Medical Member of Trustees Asked for Release from Duties July 1st.

The members of the Morgan county board recently received the resignation of Dr. Grace Dewey as member of the board of directors of the Morgan county tuberculosis sanatorium. The resignation which was dated June 27, reads as follows:

"Dear Sirs:
I wish to present my resignation as medical member of the board of trustees of the Morgan county tuberculosis sanatorium fund, to take effect July 1.
Very respectfully,
Grace Dewey."

The board has not been in session since the resignation was received and so no action has been taken with reference to it.
Dr. Dewey, who has served on the board since it was originally organized, has devoted her time and thought unsparingly to the sanatorium project and to other matters related to the campaign against tuberculosis.

LATE J. A. HENDERSON BURIED THURSDAY

Funeral Services for Late Jackson A. Henderson Held at Litchberry Church Thursday Afternoon.

Funeral services in memory of the late Jackson A. Henderson were held at 12 o'clock Thursday afternoon at Litchberry Christian church. The company which assembled was one of the largest ever in attendance at a funeral in Litchberry and gave evidence of the large place which the deceased held in the community.

Rev. W. R. Browning, pastor of the church, was in charge of the services, which were of a very impressive character. Members of Arcadia lodge No. 92, I. O. O. F. attended in a body and had charge of the services at the cemetery.

Music was furnished by a quartet including Mrs. James Petefish and Miss Lora Petefish, J. A. Litter and J. S. Hitchens.

Following the services at the church the long cortege moved to Arcadia cemetery, where the remains were laid to rest. The pall bearers, all grandsons of the deceased, were Elmer and Ellis Henderson of Jacksonville; Roy and Roy Maul, Earl and Cary Myers.

The old saying that love will find a way, proved doubly true in the case of Daniel Craig. While in jail he thought of a scheme to get absolute justice, for like many another he thought the law was not infallible. In this he made a mistake. He found that the only way to regain honor and position is through aiding the law. The story is filled with exciting situations, real thrills and is entirely different from the ordinary story of this type.

GRASSHOPPER ARMY INFESTS COLORADO
G. W. Henderson, former resident of Morgan county now living at Casper, Wyo., has written friends here of an army of grasshoppers which is now advancing across the state of Colorado, leaving destruction in its wake. The farmers are using all possible means to stop the onslaught of the insects. It is stated that in some cases farmers dig ditches two and half feet deep and three feet wide and that in a few hours time these ditches are completely filled with grasshoppers. A mixture of poison and bran is used with good effect in some instances.

MRS. G. W. BROWN DIED LATE FRIDAY NIGHT

End of Life Came Following Illness of Several Weeks Duration — Funeral Arrangements Not Completed.

The end of the days came for Mrs. Evelyn F. Brown just before midnight Friday at the family home, 235 Westminster street. Several weeks since Mrs. Brown suffered a partial stroke of paralysis and altho she recovered largely from the effects, the seriousness of her condition has been a matter of concern to the many friends of the family.

Mrs. Brown was a daughter of David W. and Sarah Epier Fairbank and was born at their Joy Prairie home June 6, 1851. As a child Mrs. Brown attended the school at Concord and later graduated from the Young Ladies' Atheneum in this city. For one year afterward she taught a country school and then the family home was changed to Jacksonville. Here in 1872 the deceased was married to the late Prof. George W. Brown, whose reputation in the world of business education gave him high standing all thru Illinois and adjoining states. Mrs. Brown in early life became a member of the Congregational church and her interest in that organization has continued all thru the after years. Her interest in literary work found expression in her club connections and in extensive reading, and she was known among her friends as a woman of unusual attainments.

An individual calmness was characteristic of Mrs. Brown and it was with that spirit that she moved along the pathway of life, strongly entrenched in her own beliefs, tolerant of the views of others, self-sacrificing and efficient. Such a woman could not but leave the impress of her character upon those about her.

Mrs. Brown is survived by three daughters, Mrs. Frank J. Waddell, Miss Clara Brown and Mrs. Helen Brown Read; two sisters, Miss Maria Fairbank of this city and Mrs. Edward Carter of Chicago.

Announcement of the funeral arrangements will be made in a later issue.

The creation of a new auxiliary organization of state leaders was one of the principal results obtained today, the object being to plan a larger share of work in convention programs and wider distribution of responsibility for the work.

BILL BURNS WILL BE ONE OF WITNESSES

Former American League Star Will Testify for State—Will Try to Get in Alleged Confessions of Players Which They Later Repudiated.

(By The Associated Press)

CHICAGO, July 1.—The announcement of a list of witnesses to be used by the state in the prosecution of the White Sox players and the alleged gamblers charged with having been implicated in 1919 baseball scandal caused a stir when it was discovered that the list contained the name of William Burns, a former Chicago American League star.

There has been much speculation as to whether Burns has turned state's evidence.

Surprise also was manifested at the appearance of the name of Joe Gedeon, former St. Louis player who was called before the grand jury but was not indicted. The fact that members of the grand jury which originally investigated the baseball scandal were included in the list made it appear that the state will try to get into the records the confessions which were said to have been made, altho later repudiated by Joe Jackson, Eddie Cicotte and Claude Williams. Whether it is permissible for such evidence to be submitted will be decided by Judge Hugo Friend, who will begin hearing the case next Tuesday.

FREEDMAN SHOWS DAZZLING SPEED

BENTON HARBOR, Mich., July 1.—Sailor Freedman of Chicago, challenger for Benny Leonard's lightweight title, went thru a workout that left little doubt that he will give Leonard one of the toughest battles of the latter's career. Two more of Freedman's sparring partners had to quit because of the sailor's terrific punching.

Freedman to the men who watched him go thru victories over Lew Tander, Johnny Tillman, Charley White and notable lights recently, today looked better than any time in his brief career. The youthful fighter, barely 22, delivered a rapid fire of one two punches into the midships and jaw of three sparring partners which rocked them across the ring and then stood upright and told them to "come on and hit."

With the sailor making no defense his boxing mates swung on his jaw, jabbed at his stomach and pounded his head, but the sailor only laughed.

Freedman's speed, his ability to hit from any position and his lightning footwork made his workout today one of the most impressive all around exhibitions any challenger for the lightweight championship has given in some time.

TUBERCULOSIS CLINIC WORK TO STOP

Trustees Decide On This Course in Effort to Save Funds for Sanatorium.

Recently the directors of the Morgan county tuberculosis sanatorium fund decided to discontinue the clinic as an economy measure. The clinic has been in operation for a number of years and its work has been carried on principally thru a medical director and the services of a nurse, Miss Loving has been acting for some time satisfactorily in the capacity of nurse, but as indicated the directors determined to cease clinic activities for an indefinite period.

Miss Loving has accepted a position in another city for a similar class of work.

Dr. Dewey, speaking yesterday for the directors of the fund, said that they were very reluctant to give up the work of the clinic but that they felt it was best course in view of the situation as presented with reference to the sanatorium. Their idea is that the money which would otherwise be used in payment of the expenses of the clinic can be devoted toward a fund for the opening of the sanatorium proper. It is the hope of the directors that a way will be found to open the institution in a partial way and thus be able to take care of a number of tubercular patients. They feel that the funds can be arranged for by some means and that there will be definite benefit from the operation of the institution even in this way.

There is no question about the effectiveness of the work of the clinic, as many actual cases of tuberculosis have been cared for and in a still larger number of instances the treatment given has stopped progress of incipient cases.

It is a generally known fact that real pioneer work has been done by the clinic here in Jacksonville, as it was one of the earliest established in the state.

SPRINGFIELD LADS BOXED FOR ROTARIANS

"Stunt" With Dignified Officials Was Feature of Friday's Program—Several Short Addresses Made.

Friday was "stunt" day at the Rotary club luncheon and a boxing match was the feature. The interest in this fistie encounter between James and William Kelly of Springfield was greatly increased by the personnel of the officials. Dr. J. R. Harker was referee and the seconds were Rev. W. H. Marbach and Dr. John G. Ames. The lads, who are nephews of Edward Brennan, boxed three rounds of 40 seconds each and the referee called it a draw. James and William Kelly are about 14 and 16 years of age, respectively, and they showed a lot of science and pep in their bout. It goes without saying that the officials were wholly surprised when called on to serve.

Brief talks were made by C. M. Long of Chicago, secretary of the Illinois Holstein association; Dr. C. H. Rammelkamp and Dr. Harker. Announcement was made by Acting Secretary Spink of a refund of \$33 by the Chicago & Alton on round fare paid by Rotarians attending the district conference in Peoria, and this was added to the Mercedia bay club house fund. John S. Hackett of the committee in charge of the club house called attention to the fact that the club house will be at the disposal of Rotarians July 3 and 4. There are only about four days of the season when the club house is available for the members.

The guests of the day in addition to those already mentioned were Dr. N. W. Hepburn of Peoria, George H. Scurlack of Chicago and Homer Ranson and M. C. Hook, Jr., of Jacksonville.

President Rammelkamp talked in an interesting vein, telling something of his experiences in attending the recent reunion of his Cornell class in Ithaca. Mr. Taft, newly elected chief justice of the supreme court, was one of the principal speakers at the Cornell commencement events and Dr. Rammelkamp recalled in a very happy way several of the Taft stories.

Dr. Harker merely sought to lay emphasis upon some of the recent successful campaign for college funds. At Meadville, Pa., a million and a quarter was raised for Allegheny college; in Oklahoma City a million and a half for Oklahoma university and for Illinois Wesleyan about \$600,000. The speaker left to his hearers the application of his remarks.

Mrs. Nell Dikis of Waverly was among Friday callers in the city.

RECEIVES TELEGRAMS OF CAMPAIGNS

President J. R. Harker of Illinois Woman's college has received telegrams telling of the remarkable success of two Methodist colleges in completing their endowment campaigns. These are Illinois Wesleyan university at Bloomington and Allegheny college at Meadville, Pa. Illinois Wesleyan in seeking to raise a fund of \$660,000 received a total of \$365,149. Allegheny college succeeded in reaching a total of \$1,257,123 which was \$2,123 more than the goal which had been set. Dr. Harker was naturally elated at the good news from these institutions.

Mississippi Valley Power Boat Regatta Under Way At Peoria

Accidents Marred the First Days Racing When Two Boats Go to Bottom of River—Another Throws the Occupants Out But No One Was Hurt—Large Crowds Present

PEORIA, Ill., July 1.—Two boats sank to the bottom of the river and another threw its handlers into the waters of Peoria Lake at the opening of the Mississippi Valley Power Boat regatta here today.

Dr. William W. Cutter of Peoria had the narrowest escape of the day when his boat Famuss threw him and two companions into the water while approaching a sharp turn at the upper end of the course at a speed of 45 miles an hour.

The boat righted itself after throwing the men into the water and circled missing the three by less than 15 feet on the return trip.

J. A. Steinmetz of Pekin drove alongside the boat and reaching into the cockpit shut off the motor.

Miss Chicago, owned by Commodore Sheldon Clarke of Chicago, and driven by Bernard Smith of Chicago son of the builder, battered all records for the 25 mile stretch when she covered the distance in 25, averaging 53 miles for the course in the first heat of the Webb trophy race.

Roland Travis of Peoria, driving Cadillac IV, lost control of his boat at the finish of the first heat in the 380 class when tiller ropes slipped on the drum. The boat careened to the right barely missing C. P. Henley's Ethel from Muscatine, and charged on toward the launches that lined the river bank.

Throwing his whole weight on the wheel Travis forced the boat back on the course and again shaved the hull of the Ethel, it is said. As the wild boat crossed the line the mechanic released the fouled rope. The boat was ruled out for leaving the course.

Later in the day Ethel turned over and went to the bottom on a sharp turn during the first heat in the 250 class.

C. E. Padgett of Quincy, who was among the leaders in the heat, withdrew to rescue the crew of the sunken boat.

Meteor III, owned and driven by Walter Wilde of Peoria, turned over throwing its occupants into the water as it was turning to come up to the line for the start of the first heat in the 1300 class. Both the Meteor III and the Ethel IX were raised and will be in the races tomorrow.

KOPF'S ERROR GAVE PITTSBURGH GAME

Pittsburgh, Pa., July 1.—Timely hitting and a Cincinnati error gave Pittsburgh a five to two victory over the Reds today. Rixey was effective and would have held the Pirates scoreless but for Kopf's error in the fourth with the bases full and two out.

Elmer Ponder, pitcher was traded to Chicago today for Robert Rixey, an outfielder, official of the Pirates announced.

Score: Cin'nati... 000 000 200—2 5 2 Pittsburgh 000 500 00x—5 11 0 Rixey, Donohue and Wingo; Morrison and Schmidt.

GEORGES WHISTLES AMERICAN WAR SONG ON EVE OF BATTLE

French Fighter Does Not Seem to Fear Outcome of Contest

MANHASSET, N. Y., July 1. (By The A. P.)—Whistling an American war song Georges Carpentier tripped up the stairs of his training camp residence at 9 o'clock tonight, called a cheery "good night" to his comrades and jumped into bed. Throughout the day the challenger was light hearted. There was always a song on his lips and a smile on his face. Late in the afternoon he left his chair on the front porch to play ball with a crowd of boys in the roadway. He seemed oblivious of the fact that his chance at the world's heavyweight championship was less than 24 hours away. There was apparently no worry in the challenger's head over the trial of the morrow as he tossed the ball around and whooped as loud as any of his youthful admirers.

Fight talk, insofar as Georges was concerned was under the ban. Stories of the war were told by different members of the camp and Trainer Wilson, who has shown some talent as a buck and wing dancer, entertained with a photograph accompanied. A heavy rain greeted the challenger when he awakened reveille this morning but he braved it and started for the woods with Paul Journee and Charles Ledoux. They were out about three-quarters of an hour and returned soaked to the skin.

George was given a good rub down and was swathed in blankets. He stayed indoors until after lunch, then went to the porch and his camp chair.

Manager Descamps was in high humor. He went down to the Manhasset barber shop and, in the best English he could muster, told the tonsorial artist to fix him just like he had fixed Georges on Monday. The barber turned out a neat job. Descamps went back to camp and talked about the fight.

As translated by Trainer Wilson, he said:

"There will be no fooling tomorrow. Georges is in great condition, better than he ever was in his life and we can offer no excuse. In fact we are confident. Of course, it would be silly to say flatly that Georges would win, because you never can tell what might happen."

"The fight will not be stopped. Elmer George will knock out Dempsey or Dempsey will knock out Georges. My Carpentier, he will fight as he has never fought before because he wants that championship. He isn't worrying one bit about it. He knows how he feels and he tells me he will go to it."

Then Trainer Wilson spoke for himself:

"Many people think that this will be a dancing exhibition and that George will wait out Dempsey and keep away from him for the entire 12 rounds. I am not saying that Carpentier will dive in foolishly and slug from the moment the first bell rings. Georges is dangerous and I think the greatest fighter in the world today. They talk about Dempsey being too strong for him. I want to know if any of these people making such remarks ever saw Joe Beckett. Beckett could pick up Georges in one hand and Dempsey in the other and knock their heads together, he is that strong. Yet Georges floored him in one round."

Principals Make Final Statements

NEW YORK, July 1.—Supreme confidence appeared to reign in the camps of Jack Dempsey and Georges Carpentier on the eve of their championship bout in Jersey City tomorrow. Special statements furnished the Associated Press either directly or indirectly by the principals, their managers and the promoter, follow:

By Jack Dempsey, Heavyweight Champion

"I am in the best of shape of my career, ready and anxious to give an account of myself in the ring as champion of the world. I expect to win, and win as quickly as possible. If one punch will knock Carpentier out, I'll be better satisfied."

"But regardless of how long the fight goes, the public can depend upon me to do my level best every second of the way. I am proud to represent America against the European challenger and this pride will cause me to make what I feel will be the greatest fight in my life."

"I never was more anxious to win a fight than this one. Of course I know that Carpentier is a great hitter but I feel confident that I will be able to successfully defend my title. I have faithfully trained the best I know how."

"I put in ten weeks of work—six weeks of real hard training."

By Georges Carpentier, Challenger

"When I go into the ring against Jack Dempsey, I will be prepared to make the supreme effort of my fighting career."

"You can also say for Georges," added Trainer Wilson, "that he is in condition to fight a great battle; that he will bring all the experience of 14 years' training to bear; and that if Dempsey defeats him America can claim a real champion for Georges Carpentier is a great fighter and to beat him will indeed be an accomplishment. We have no excuses to make and we believe victory will be ours."

By Jack Kearns, Manager of Jack Dempsey

"We expect to win over Georges Carpentier in three or four rounds. I will not be surprised if Dempsey stops him in the first round. This, of course, depends upon the style adopted by Carpentier. The Dempsey

DEMPSEY ARRIVES AT ATLANTIC CITY IN BUOYANT SPIRITS

Champion Does Not Seem to Be Worried Over Outcome of Bout

JERSEY CITY, N. J., July 1.—Jack Dempsey arrived from Atlantic City tonight in buoyant spirits. Throughout the three and one-half hour journey, the champion was the picture of light heartedness passing an hour or more en route in sleep and then indulging in "horse play" much to the discomfiture of the other members of his small party.

He spent the evening and night at a private residence where he will remain until it is time for him to start for the arena tomorrow afternoon.

Mike Trant, the Chicago detective sergeant, Trainer Teddys Hays, Mayor Edward Bader and an Associated Press correspondent were members of the party. So effective were the secrecy measures at Atlantic City that few passengers were aware at first that the heavyweight champion was on the train.

Upon awakening from a short nap on the train, Dempsey's buoyant spirits made the compartment much too small for him. Emerging into the chair car, he commanded the typewriter of The Associated Press correspondent and laboriously punched out with two fingers, a paragraph of nonsense for the edification of Trant.

A card game, frequently interrupted when passengers, who became aware of Dempsey's identity crowded forward for an introduction passed another hour. Dempsey added much to the hilarity of the group by introducing Mayor Bader as Carl Morris, the heavyweight boxer from Oklahoma to several passengers who did not doubt his word. At stations along the way, Dempsey was greeted enthusiastically.

Arriving here the party escaped a large crowd by emerging from the deserted side of the train and rushing to automobiles. The defender was declared by Hays to be in perfect condition. He weighed 190 pounds this morning exactly the figure at which he was expected for some week to enter the ring. He was clean shaven today and probably will be shaved again tomorrow before the bout.

"Without preference or choice as to the principals, I can only say: May the best man win in a sportsmanlike manner."

SENATORS SPLIT EVEN WITH PHILADELPHIA

Washington, July 1.—Philadelphia and Washington broke even today Mogridge holding the Mackmen to three hits in his 12 innings, 1 to 0 victory in the second contest. Moore won over Johnson in the opener 2 to 1, Philadelphia bunched hits in the eighth for the deciding runs.

First Game.
Phila... 000 000 020—2 7 3 Wash... 000 100 000—1 7 0 Moore and Perkins; Johnson and Pielich.

Second Game.
Phila... 000 000 000—0 3 0 Wash... 000 000 001—1 7 1 Hasty and Perkins; Mogridge and Garrity.

You may be disappointed in the result of the big fight today, but you will be pleased with the hat you wear if it comes from FRANK BYRNS Hat Store.

MINISTER HOPES CARPENTIER WINS

EUGENE, Ore., July 1.—Hope that Jack Dempsey would get a "blamed good mauling tomorrow" was expressed today by the Rev. W. S. Gilbert, Presbyterian minister, former army chaplain and now commander of the American Legion of Oregon at the opening of the legion state convention.

Following this declaration the convention telegraphed its best wishes to Georges Carpentier for his success.

Cook's Grocery will be closed all day July 4th.

Dempsey-Carpentier Championship Bout Greatest In History

(Continued from Page 1)

list travels but a few inches so great is the power of co-ordinated muscles and weight of body that the result is appalling.

Another Dempsey asset is his peculiar crouching form of attack with its puzzling weaving in and out of the head and body making a difficult target to hit squarely. He has also shown ability to take hard blows and respond within a fraction of a second with a still more crushing counter without the slightest evidence of injury or loss of speed.

Comparison of Styles.
Considered in a general way, it may be said that Carpentier is the better and faster boxer, both with glove and afoot, while Dempsey reverts to some extent to the old type of fighter, always willing to take a blow in order to land one. If it should prove that tomorrow's encounter is contested along these lines, Dempsey will have the advantage of at least twenty extra pounds of weight behind the blows. While the gloves weigh eight ounces as required under the New Jersey boxing law, it is not thought that this will take much of the sting and power out of the drives of these two exceptional pugilists.

Another advantage in Dempsey's favor will be the fact that the bout will be fought in an 18-foot ring, thereby limiting to some extent the area available for Carpentier's flashing footwork.

Apparently the size of the ring has not affected the confidence of the Frenchman who has stated that he expects to win by a knockout.

It is only by a knockout or a foul that the heavyweight championship can change hands under the New Jersey boxing laws, all bouts are limited to 12 rounds without official decision. While J. Harry Ertle will be the third man in the ring, his sole duties will be to see that the principals and their seconds observe every regulation of the boxing code.

In case of a knockout or knockdown, he will count 10 seconds until the boxer is on his feet. Should either man deliberately strike a foul blow or one which falls outside the ring during the progress of a round, it will be within Ertle's province to declare the unoffending boxer a winner. Beyond that his province does not extend.

Any decision which may be made as to the respective merits of the principals by newspaper writers, boxing experts or officials connected with the contest will be without weight in official ring annals.

WILL BE FAVORITE AT ABOUT 2 TO 1

New York, July 1.—Jack Dempsey probably will enter the ring tomorrow 2 to 1 or 2 to 1 favorite over Georges Carpentier, the French challenger.

When the Wall street brokerage houses closed today it was estimated that two hundred thousand dollars had been placed during the day on the outcome of the contest. In all, five hundred thousand dollars is believed to have been wagered in the financial district here, which is not a high figure compared with wagers made in previous titular contests.

The largest single bet of the day here was \$30,000 to \$10,000 that Dempsey would win. That wager was exceptional as the odds later tapered to 2 to 1 and 2 to 1 on the champion. These odds are expected to continue until the hour of the fight.

Daily Market Report

PRICE OF WHEAT DROPS FRIDAY

CHICAGO, July 1.—Aversion to carrying ownership risks over a triple holiday in a weather market pulled down wheat prices today after an early bulge. The close was heavy, 11 to 2½c net lower with July \$1.22½ to \$1.23 and September \$1.21½ to \$1.22. Corn gained 1 to 1½c and oats 1 to 1½c. In provisions, the outcome was unchanged to 10c lower. At first the wheat market responded readily to continued dry hot weather northwest and to predictions that unless general rains came soon Northwestern crops would be greatly reduced. Upturns in price however, increased the disposition of many holders to even up before the adjournment of the board until Tuesday especially as the weather map indicated possibility of cooler and unsettled weather. Besides, monthly crop estimates were less bullish than had been expected and the seaboard reported England trying to recall because of larger Australian offerings. In addition, Belgium was reported as purchasing in Argentina and it was said domestic acceptance of bids to the country were on a liberal scale.

STOCK EXCHANGE HAS DULL DAY

NEW YORK, July 1.—Dullness such as usually precedes a protracted recess characterized today's stock market operations. The tone was uncertain, though, oils, motors and their accessories and some obscure specialties making for declines, while rails, equipments and food issues were disposed to improve. Mexican Petroleum fell another five points to 96, a new low record for several years. United States Rubber, Studebaker, Harvester, American Woolen and Sears Roebuck sustained additional losses of 1 to 3½ points and sugars were again affected by domestic trade conditions. Minor issues fared better than reasoned issues. Sales amounted to 435,000 shares.

CASH GRAIN REPORT

By Associated Press.

CHICAGO, July 1.—The first car of new wheat was received today from central Illinois. It sold for July price.

Car lot receipts were: Wheat, 19 cars; corn, 224; oats, 120. Local cash sales were 20,000 bushels of wheat, 75,000 bushels of corn including 70,000 bushels of exporters and 43,000 bushels of oats.

The elevator strike situation here is partly interfering with shipping business. Elevators, however, will attempt to load vessels from river houses. Exporters bid 1c over July 1, Buffalo for No. 2 mixed corn, either fresh shelled or kiln dried, next week's shipment.

Cash wheat premiums were 3c to 6c lower today and the cash corn and oats basis was also easier.

PLAN CENTENNIAL CELEBRATION HERE

Methodists Gather Here and Set August 4 as Date to be Held.

Plans for the centennial celebration of Morgan county Methodists were furthered Thursday afternoon at a meeting of the executive committee of the centennial commission held at the Grace church a two o'clock.

This event, which is to take place in Jacksonville Thursday, August 4, will be one of the most important celebrations in the history of Illinois Methodism. It will include a parade, a picnic and a tablet ceremony.

The principal speaker of the occasion will be Dr. Zehring, editor of the Northwestern Christian Advocate. The tablet to be unveiled will mark the place where the first Methodist service was held in Morgan county. This meeting was conducted out doors near the site of Passavant hospital by a traveling preacher, August 4, 1821.

The unveiling ceremony will be preceded by a parade in which all Morgan county Methodists are expected to participate. After the ceremony the crowd will adjourn to Nichols park where a picnic will be held.

FOUND LIBERTY BOND IN ENVELOPE AT BANK

Yesterday when Otto Muehlhausen went into one of the booths in the basement of the Ayres National bank he noticed an envelope lying face downward upon the table. He picked it up and was about to throw it into a nearby waste basket, when he noticed that it contained some papers. Upon investigation Mr. Muehlhausen was greatly surprised to find that the envelope

contained a \$1,000 second liberty bond, coupons and all.

The envelope bore the name of Dr. W. B. Young and the finder was thus able to locate the owner. He delivered the bond to Mr. Buffe at the bank and Dr. Young was at once notified. It is needless to say that Dr. Young was deeply grateful to Mr. Muehlhausen for the prompt return of the lost bond.
